

Kansas Health Care Stabilization Fund

Notice of Basic Coverage (NBC)

General Instructions

The Availability Act requires insurers to notify the Board of Governors when a professional liability policy is issued to a Kansas resident health care provider. All health care provider facilities licensed to operate in the state of Kansas are resident health care providers, as are health care provider professionals whose legal residence is in Kansas.

The Notice of Basic Coverage (NBC) form is available to download from the Health Care Stabilization Fund website. Select the “Forms” tab in the menu bar. <https://hcsf.kansas.gov>

The downloadable version of the NBC can be completed on a computer and then be printed for the health care provider’s signature. A certified digital signature is acceptable. Whether using a traditional paper NBC or one of the web-based versions, accuracy and completeness will avoid delays. If the essential information is not provided, the NBC will be returned to the insurer for completion.

Section I

Correct spelling of a health care provider’s full name is important, particularly if the notice of basic coverage is the first one for the health care provider. If the health care provider is a facility or business, it is important to indicate the name identified on the license or in the articles of incorporation; in other words, indicate the legal name of the health care provider.

If a health care provider lives in Kansas but practices in another state, the Kansas residence address must be submitted accurately.

The legal residence is extremely important because the statutory coverage for Kansas residents differs from statutory coverage for non-residents. An office mailing address or a post office box number will not suffice. If the health care provider is a facility, the address on the facility’s license should be indicated on the NBC. Similarly, if a health care provider business entity is incorporated in Kansas, but has a place of business in another state, it is imperative that the Kansas address be submitted.

Section II

The Health Care Provider Insurance Availability Act requires each health care provider to have coverage limits in the amount of \$500,000 per claim, subject to \$1,500,000 annual aggregate limit. To assure that the health care provider has acknowledged the coverage, a signature is required on the first Notice of Basic Coverage. When renewing HCSF compliance, the health care provider’s signature is not required.

Section III

The HCSF Board of Governors relies on primary insurers to determine the appropriate risk category of health care providers. The following general guidelines are provided for this section of the NBC:

- Enter the provider’s complete **license number** which often includes a prefix and hyphen. If the health care provider is not licensed (for example, a professional corporation) use the provider’s federal taxpayer identification number in lieu of a license number.

- Enter the provider’s basic insurance coverage **premium amount**. Normally this amount will be the annual premium determined in accordance with rates and rating factors approved by the Kansas Insurance Department, absent any credits or discounts for policy deductibles. If the policy is for less than 365 days or is a part-time policy, this amount should be the actual premium rather than the annual premium.
- Enter the applicable HCSF **Class Group Number** and annual **HCSF Premium Surcharge amount** in the respective boxes. The **minimum** surcharge is **\$200.00**. Classification Groups and the Surcharge Payment Table can be found at [Surcharge Information | Kansas Health Care Stabilization Fund](#) and on page 4.
 - For providers in HCSF Class Groups 1 through 14, this amount is reflected on the surcharge table. For HCSF Class Group Numbers 15 through 24, the surcharge is a percentage of the provider’s basic coverage premium amount. The percentage should be indicated in the HCSF surcharge percentage box and be used to calculate the HCSF surcharge payment, to be indicated in the box immediately to the right of the percentage box.
 - Residents in training are self-insured by the state of Kansas under a unique statutory arrangement. On the other hand, some residents purchase a separate insurance policy to cover their liability exposure resulting from employment in an extracurricular position during residency training (“moonlighting”). If the moonlighting resident was insured under an occurrence policy, the physician’s surcharge should be calculated based on the HCSF first year rate.

There are very few acceptable reasons to adjust the amount of the HCSF surcharge calculation.

- a. If the health care provider is classified in one of the groups 1-14 and the basic policy is issued for only part of a year, the annual HCSF surcharge may be prorated. If, however, the health care provider is classified in one of the groups 15-24, and the premium indicated is for only part of a policy year, the HCSF surcharge should not be prorated because it is the product of the applicable percentage rate applied to the premium, which is already prorated.
 - b. The policy may be for a unique part-time practice. If the health care provider is no longer practicing full time (for example, teaching at a university half time and practicing medicine or surgery half time) and the insurer has agreed to issue a part-time policy and charge a reduced premium, the HCSF surcharge may be adjusted commensurately. This does not apply to health care providers who practice in Kansas part time and practice in another state part time. Contact the HCSF Compliance Section to discuss part-time insurance policies.
 - c. The Missouri Modification Factor may be applicable. It applies to all health care providers, including entities, residing in Kansas who have an active license to render professional services in Missouri. Check the box if applicable and add the additional 30% Missouri rate modification amount to the calculated Fund surcharge. If a health care provider is licensed to practice in Missouri, but is no longer actively practicing in Missouri, he or she may convert the Missouri license to inactive until he or she wishes to resume rendering services in Missouri. The modification is not required if the Missouri license is inactive.
- Complete remaining sections regarding insurance company and policy.

Online Application (Compliance e-form)

An online application is available at the HCSF website, under the “Providers” tab in the navigation menu bar. The electronic application (Compliance e-form) accommodates both resident and non-resident health care providers as well as health care provider facilities. For that reason, some of the fields may not always be applicable. For example, either 2a (the profession) or 2b (the type of facility or entity) must be entered, but never both. An accurate, complete Kansas license number must be entered in the appropriate field because the license number is the key field in the HCSF database. This usually includes a prefix and hyphen. If the health care provider is already in compliance and the NBC is simply for renewal of coverage, several of the fields in the form will automatically populate after the correctly formatted license number is entered. If any of the information in those populated fields is outdated or incorrect, the information must be deleted and replaced. The HCSF staff will be alerted that a change has been submitted.

The compliance e-form may be printed for record-keeping and then it can be submitted directly to the HCSF electronically. Payment may also be made electronically using the separate state KanPay system. The convenience fee for a credit card payment is generally more expensive than an electronic transfer directly from a bank account (e- check).

The HCSF Classification System

The statutory definition of health care provider includes most doctors (physicians, chiropractors, and podiatrists) and physician assistants. It also includes registered nurse anesthetists, advanced practice nurse-midwives, and a few dentists who are certified by the Board of Healing Arts to administer anesthesia. The definition also includes hospitals, ambulatory surgery centers, community mental health centers, assisted living facilities, nursing facilities, and residential health care facilities. Optometrists, pharmacists, and physical therapists are listed in the statutory definition, but they are no longer required to comply with the Health Care Provider Insurance Availability Act.

The definition also includes certain professional corporations and limited liability companies that are organized by health care providers for the purpose of providing health care services. (See chart on page 7).

For questions regarding these instructions or assistance regarding the NBC Form or HCSF surcharge rates, please contact the HCSF office via email at hcsf@ks.gov or contact us at (785) 291- 3777.

HEALTH CARE STABILIZATION FUND CLASSIFICATION GROUPS

FUND CLASS GROUPS	CLASS GROUP DESCRIPTIONS – <i>Important Note: Class Group 15 is the only classification available for providers insured by the Kansas Health Care Provider Insurance Availability Plan.</i>
1	Physicians-No Surgery - Includes: Allergy, Dermatology, Forensic Medicine, Legal Medicine, Pathology, Psychiatry (both adult and child), Psychoanalysis, Psychosomatic Medicine, Public Health.
2	Physicians-No Surgery - Includes: Aerospace Medicine, Cardiovascular Disease, Diabetes, Endocrinology, Family Practice, Gastroenterology, General Practice, General Preventive Medicine, Geriatrics, Gynecology, Hematology, Hypnosis, Infectious Diseases, Internal Medicine, Laryngology, Neoplastic Diseases, Nephrology, Neurology (including child), Nuclear Medicine, Nutrition, Occupational Medicine, Ophthalmology, Otolaryngology, Otorhinolaryngology, Pediatrics, Pharmacology, Physiatry, Physical Medicine & Rehabilitation, Pulmonary Diseases, Radiology, Rheumatology, Rhinology, Urgent Care Physicians or other Physicians who are not performing surgery and are not otherwise classified.
3	Physicians-Performing Minor Surgery or Assisting in Surgery - Includes: Cardiovascular Disease, Dermatology, Diabetes, Endocrinology, Family Practice (no OB procedures), Gastroenterology, General Practice, Geriatrics, Gynecology, Hematology, Infectious Diseases, Internal Medicine, Intensive Care Medicine, Invasive Procedures (as defined and classified by the basic coverage insurer), Laryngology, Neoplastic Diseases, Nephrology, Neurology (including child), Ophthalmology (including minor and major surgery), Otolaryngology, Otorhinolaryngology, Pathology, Pediatrics, Radiology, Rhinology, Shock Therapy or other Physicians who are performing minor surgery and are not otherwise classified.
4	Family Physicians or General Practitioners-Performing Minor Surgery or Assisting in Surgery - Includes obstetrical procedures, but not Cesarean Sections.
5	Surgical Specialists - Includes: Broncho-Esophagology, Colon and Rectal, Endocrinology, Gastroenterology, Geriatrics, Neoplastic, Nephrology, Urological, Family Physicians or General Practitioners performing Major Surgery.
6	Surgical Specialists - Includes: Emergency Medicine (no major surgery), Laryngology, Otolaryngology, Otorhinolaryngology, or Rhinology.
7	Specialists In Anesthesiology - Includes: Physicians or DDS certified by the Board of Healing Arts to administer anesthetics.
8	Surgical Specialists - Includes: Emergency Medicine (including major surgery), Abdominal, Bariatric, Gynecology, Hand, Head and Neck, Plastic (Otorhinolaryngology), Plastic (Not Otherwise Classified), or General (This classification does not apply to any family or general practitioner or to any specialist who occasionally performs major surgery).
9	Surgical Specialists, includes - Includes: Cardiac, Cardiovascular Disease, Orthopedic, Thoracic, Traumatic, or Vascular.
10	Surgical Specialists, includes - Includes: Obstetrics, Obstetrics & Gynecology, or Perinatology.
11	Surgical Specialists, includes - Includes: Neurology (both adult and child).
12	All Chiropractors
13	All Nurse Anesthetists
14	All Podiatrists
15	All health care providers insured by or subject to the rating rules of the Kansas Health Care Provider Insurance Availability Plan , including authorized basic professional liability self-insurers.
16	Professional corporations, partnerships, limited liability companies and not-for-profit corporations as included in the definition of health care provider in K.S.A. 40-3401(f).
17	Medical Care Facilities (includes special hospitals, general hospitals, surgical centers or recuperation centers).
18	Mental Health Centers or Mental Health Clinics.
19	Psychiatric Hospitals (selected facilities only).
20	Persons engaged in approved residency training programs.
21	Physician Assistants
22	Nurse-Midwives
23	Assisted Living Facilities and Residential Health Care Facilities
24	Nursing Facilities

Summary of HCSF Surcharge Procedures

For guidance or assistance, send a question to hcsf@ks.gov or call 785 291 3777

1.	Identify Fund Coverage Limits: Coverage amounts are \$500,000 / \$1,500,000.
2.	Determine Appropriate HCSF Classification Group: This will be one of the 24 categories listed in the surcharge rate table.
3.	<p>Health Care Providers, Who Completed an Approved Kansas Postgraduate Training Program and also provided professional services in outside “moonlighting” activities for which basic professional liability insurance coverage was obtained are somewhat unique.</p> <ul style="list-style-type: none"> a. If the resident was insured under an occurrence policy, the moonlighting year or years are not taken into account and the physician’s surcharge is based on the first year of compliance. b. If the resident was insured under a claims-made policy, the moonlighting year or years are taken into account and the physician’s surcharge is based on the second or subsequent year of compliance.
4.	Determine the Annual Premium Surcharge Amount: Surcharge rates for classification groups 1 – 14 are specific dollar amounts depending on the level of HCSF coverage selected by the health care provider. Surcharge rates for classification groups 15 – 24 also vary based on the level of HCSF coverage selected. Because commercial insurers normally increase their premiums annually until the fifth year, the actual surcharge payment will also increase even though the percentage rate is the same for each year of compliance.
5.	<p>Modification of the Annual Premium Surcharge Amount is permitted for the following reasons only:</p> <ul style="list-style-type: none"> a. Pro-rata basis for policy periods of less than one year. Pro-rata adjustment will be based on an annual period of 365 days—do not make any adjustments based on a 366 day leap-year. Round the ratio to the nearest whole percent. b. Part-time practice adjustments may be applied to the annual dollar surcharge rates only when there are unique circumstances and the basic professional liability insurance company has issued a part-time policy. This does not apply to health care providers who practice in more than one state. c. Missouri Modification Factor, Applicable to All Fund Class Groups: An additional surcharge amount equal to 30% of the annual dollar surcharge rate shall be added to the surcharge payment of the Kansas resident health care provider who has an active license (registered, etc.) to provide professional services in Missouri. This includes Kansas health care provider business entities rendering professional services in Missouri. <p>The nature of the modification to the annual dollar surcharge rate for individual health care providers must be identified and explained on the Notice of Basic Coverage form submitted by the professional liability insurer. The surcharge should not be adjusted because the health care provider practices in Kansas part time and practices in another state part time.</p>
6.	Rounding Rule for All Surcharge Payments: All surcharge payments must be rounded to the nearest whole dollar amount. Amounts of 49 cents or less shall be rounded down to the next lowest whole dollar. Amounts of 50 cents or more shall be rounded up to the next highest whole dollar.
7.	Minimum \$200 Fund Surcharge Payment Per Compliance Period is Required. The minimum surcharge is applicable to all Fund compliance periods, including short-term policy periods and surcharge refund adjustments due to mid-term cancellation or termination of existing Fund compliance periods.
8.	Fund Surcharge Rating for Authorized Self-Insured Health Care Providers: Fund surcharge payments for health care providers who have been issued a Certificate of Basic Professional Liability Self-Insurance in accordance with K.S.A. 40-3414 will continue to be an amount equal to a percentage of the amount the self-insurer would pay for the basic coverage as calculated in accordance with the self-insured rating procedures adopted by the HCSF Board of Governors.

Kansas Health Care Stabilization Fund Notice of Basic Coverage Form

(for policy periods effective on and after Jan. 1, 2023)

Kansas law requires the insurance company to forward this completed form to the Kansas Health Care Stabilization Fund Board of Governors within thirty days of the effective date of the basic policy. A copy of this completed form must also be given to the health care provider.

FOR HCSF USE ONLY

SECTION I – Health Care Provider Identification and Residency

Health Care Provider's Name:
Last name, first name, middle initial, and professional acronym, or full name of medical care facility or other type of health care provider

Health Care Provider's Legal Kansas Residence:
Street Address and City (For a hospital or other facility, or a business entity, this should be the legal location.) Zip Code

Daytime Phone Number: Health Care Provider's Email Address:

Mailing Address:
(Optional, if not the same as legal residence) Street Address or P.O. Box, City, State, Zip Code

SECTION II - HCSF Coverage Limit

\$500,000/\$1,500,000

 Date Signed Health Care Provider's Signature

Notice to Health Care Provider: *If you discontinue your professional liability insurance policy because you are no longer rendering professional services as a Kansas resident health care provider, you should immediately contact your licensing agency and request that your license be made inactive.*

SECTION III - Health Care Stabilization Fund Surcharge and Insurance Policy Information					For Fund Classes 1 to 14	For Fund Classes 15 to 24
